# 15<sup>th</sup> Workshop on Matching Practices in Europe

## Mannheim, Germany, 12– 13 October 2018

The Centre for European Economic Research (ZEW) is pleased to invite submissions for the 15<sup>th</sup> Workshop on European Matching Practices to be held in Mannheim on Friday, 12 October 2018 at noon to Saturday, 13 October at 2 pm.

The workshop will bring together researchers working on the various aspects of assignment and matching in education, labour and related markets, with a view to actively foster interactions between the various approaches used in this area of research (theory, experiments, analysis of field data, policy/market design) and to share expertise on the actual functioning of these markets in Europe. The workshop will include presentations from presenters of selected papers, a keynote delivered by Nikhil Agarwal (Massachusetts Institute of Technology) on the empirical aspects of matching markets and a policy roundtable on “Kindergarten matching practices in Europe”, which will bring together current insights on kindergarten matching from research projects as well as from policy makers and practitioners.

### KEYNOTE LECTURE
