The conference focuses particularly on applied and empirical papers related to business taxation, tax avoidance and evasion, behavioural responses to taxation, tax harmonization in the European Union, political economy of taxation, international taxation, and tax law. The programmes of previous MaTax conferences can be found at: [www.zew.de/matax2018](http://www.zew.de/matax2018) and [www.zew.de/matax2017](http://www.zew.de/matax2017).

We are very happy to announce that **Alan Auerbach** (UC Berkeley) and **Jake Thornock** (Brigham Young University) will be this year's keynote speakers.

The conference is organised by the Leibniz ScienceCampus "MannheimTaxation" (MaTax), which is a joint initiative of the University of Mannheim and the ZEW – Leibniz Centre for European Economic Research. MaTax aims to foster high-quality research in the broad field of taxation and provides a platform to bring together researchers from various tax disciplines.
